Mahagun Moderne
by Mahagun Real Estate Private Limited

Rated NCR 5-Star By CARE Ratings
Project Star Rating Rationale

• **Project developer quality**
The Mahagun group is promoted by Mr P. K. Jain, Chairman, who has an experience of more than 40 years in the infrastructure industry. Development of residential real estate constitutes core focus area of business activities of Mahagun. The group has already completed construction of about 73.65.0 lakh sq. ft. of residential and commercial real estate in Delhi NCR and currently has projects involving development of approximately 114.5 lakh sq. ft. in hand. In addition, the group had delivered the possession of about 3,000 residential dwelling units to its customers, whereas more than 10,000 units are currently under delivery/execution. The group has also constructed a shopping mall and has already completed the construction of a five-star hotel in Delhi, which is running under the name of ‘Park Plaza’. As such, the group has adequate experience in this line of business.

• **Project construction quality and amenities**
The residential project is located at Sector 78, Noida. The company has tied up with experienced consultants for architecture, and structural planning. Construction work for the project is done by the company itself. The company has tied up with Hafeez Contractor and M/s Vakil Mehta Seth as architects and structural consultants of the project, respectively. Both these companies have considerable experience and have been associated with many other similar size projects in and around Delhi NCR.

Apart from the basic necessities like water provision, power backup, car parking, the project has various amenities for premium living including a club house with facilities like gymnasium, swimming pool, tennis and badminton courts, billiards room, 24/7 security guard service, advanced fire-fighting systems. Furthermore, there is a provision for rain water harvesting, sewage treatment plant and around 40% of the total area has been reserved for lawns, parks, open and landscaped greens.

• **Project legal quality**
The title of the land is clear as this land measuring 100,238 sq. metre had been allotted to MREPL from New Okhla Industrial Development Authority (Lessor) on leasehold basis for 90 years through a lease deed dated May 07, 2010.

The company has its building plan and map approved for FAR of 2.75x from NOIDA, which corresponds to “MahagunModerne” and comprises 17 towers.

In October 2013, National Green Tribunal (NGT) raised a 2002 National Wildlife Board (NWB) ruling to direct Noida Authority to stop construction within 10 km of the Okhla Bird Sanctuary, asking the Centre to make fresh demarcations of the eco-sensitive zone around the sanctuary if necessary. As a result, no housing project within a 10-km radius around the Okhla sanctuary has been awarded completion certificates by the authority.

In September 2014, the Ministry of Environment and Forest (MoEF) has issued a draft notification earmarking 100 metres to 1.27 km from the Okhla Bird Sanctuary as an eco-sensitive zone, reducing it substantially from the 10-km area directed by NGT. The Centre’s draft of the redrawn eco-sensitive zone around the Okhla bird sanctuary does not affect any realty project in the area. The ministry had invited comments and suggestions from the public for the next 60 days. All objections to the governments, draft order were filed and cleared within 60 days as stipulated. However, the final clearance has yet not been received and the final decision remains pending with MoEF. The developers are not issuing completion certificate as of now.
**Project financial quality**

The total project cost of Rs.1,670 crore is likely to be funded through Rs.71 crore of equity, Rs.130 crore of debt and the rest through customer advances. The company has achieved comfortable sales booking of 35.56 lsf (78%) as on September 30, 2014, with sale value of Rs.1,404 crore. Also, the company has already received Rs.1,227 crore, thereby indicating reasonable collection progress. Nevertheless, with high dependence on customer advances, the sale of the remaining inventory as envisaged and the timely collection of customer advances would be important for completing the project in a timely manner.

The execution of the project is in final stages with 83.51% of the total construction cost being incurred as on September 30, 2014. Apart from the additional tower launched by the company, entire construction work is completed. Additional Tower (H16) was launched in September 2012 and is expected to be completed by December 2015.

### Project Developer

The Mahagun group is promoted by Mr. P.K. Jain, Chairman, who has an experience of more than 40 years in infrastructure industry. Development of residential real estate constitutes core focus area of business activities of Mahagun. The group primarily operating in Delhi NCR has already delivered the possession of about 3,000 residential dwelling units to its customers, whereas more than 10,000 units are currently under delivery/execution. The group has also constructed a shopping mall, comprising Shopping areas, Food court, a 4-screen Cineplex-running under the brand of 'PVR' Cinemas-and a Service Apartment Hotel of 127 rooms, being operated under the brand name of 'Mahagun Sarovar Portico'. Furthermore, the developer has already completed the construction of a five-star hotel in Delhi, which is running under the name of ‘Park Plaza’.
The group is managed by experienced professionals from diverse backgrounds. Mr P. K. Jain, Chairman (Emeritus) has an experience of more than 40 years in the infrastructure industry. He looks after the day-to-day operations of the group and is supported by an experienced management team comprising of Mr Dhiraj Jain (Director, with 16 years of experience), Mr Amit Jain (Director, with 16 years of experience), Mr T. K Peer (Group CFO, with 30 years of experience), Mr Sanjay Varshney (Senior VP-Construction, with 23 years of experience), Mr S.C. Sharma (VP- Commercial, with 30 years of experience), Mr S. K. Gupta (VP- Construction, with 28 years of experience) among many others.

Project Details

Mahagun Moderne is located in the city of Noida (Sector 78). The project is located nearby NH-24 in proximity of already developed areas of Sector 61 and 62 Noida. The project consists of 2,479 residential units. This entire project stands over a land area of 25 acres. The project has a total saleable area of 45.85 lsf.

The project is located in the city of Noida which falls within the National Capital Region of India’s capital New Delhi. The project is in proximity of the already developed townships/projects like Gaur Grandeur, Amrapali Platinum, Amrapali Zodiac, Eldeco Amantrum, etc. The land is a 4-side open plot with green belt area of 45 metres all around. The project is located at a distance of approximately 6 km from Noida City Centre, 8 km from Fortis Hospital, 4-5 km from Dadri Road and around 10-13 km from Expressway. Also, the project neighbourhood area provides decent connectivity to adjoining schools, hospitals and commercial areas.

The project has been designed in conformance with seismic zone IV requirements, as required in the area.

Highlights of the Project

- Roman/Neo Classical Architecture, Designed by internationally renowned Architect Hafeez Contractor.
- Zero surface parking except for visitors.
- Single Optical Fibre for Integrated TV, Telecom and networking services.
- Optimum utilisation of natural daylight in each apartment with insulated roofs in each block for energy conservation.
- High performance building materials including low ‘U’ value glass and glazing for energy efficiency.
- 3 high-speed elevators per tower.
- Gated Community with CCTV Surveillance at Entrance Lobbies at Ground Floor.
- Basic amenities including Gymnasium, Children’s play area and Jogging track located within the project.
- Power back up for common area and power back up in apartments.
- 40% of the total land area as green area.
- Advanced Fire Fighting systems with Water Sprinklers, Smoke Detectors, Fire Doors, Staircase, etc.

Iconic Tower | Civil Structure completed. Fitting and finishing work is under process.
Tower H16 | Slab of 12th Floor is completed (out of 28 floors).

Brief particulars about various contractors is as follows —

1. Architects
The company has hired Hafeez Contractor (HC) for providing consultancy for the overall layout and design of the project. HC has an experience of over 35 years and has been successfully providing consultancy in the field of architecture and has successfully executed projects of various nature like Group Housing Schemes, Apartments, Residences, Commercial Complexes, Hospitals, Airports, Railway Stations, etc. The same are also associated with the Mahagun group for the last 3 years.

2. Structural consultants
The structural consultants of the project are M/s Vakil Mehta Seth, Mumbai. M/s Vakil Mehta Seth has an experience of over 50 years and the same are associated with the Mahagun Group for the last 10 years.

3. Civil engineers
Civil work is being handled by the company through its own team. The company has approached other contractors on need basis.

Project management
The project uses a combination of column along with Raft foundation technique.
Moreover, the MIS is prepared by each department every month. The key reports are reviewed by the head of departments. Furthermore, these reports are shared with the top management on monthly basis.

Project legal status
The title of the land is clear as this land measuring 100,238 sq. metre had been allotted to MREPL from New Okhla Industrial Development Authority (Lessor) on leasehold basis for 90 years through a lease deed dated May 07, 2010.

The company has its building plan and map approved for FAR of 2.75x from NOIDA, which corresponds to “Mahagun Moderne” and comprises 17 towers.

In October 2013, National Green Tribunal (NGT) raised a 2002 National Wildlife Board (NWB) ruling to direct Noida Authority to stop construction within 10 km of the Okhla Bird Sanctuary, asking the Centre to make fresh demarcations of the eco-sensitive zone around the sanctuary if necessary. As a result no housing project within a 10-km radius around the Okhla sanctuary has been awarded completion certificates by the authority.

In September 2014, the Ministry of Environment and Forest (MoEF) has issued a draft notification earmarking 100 metres to 1.27 km from the Okhla Bird Sanctuary as an eco-sensitive zone, reducing it substantially from the 10-km area directed by NGT. The Centre’s draft of the redrawn eco-sensitive zone around the Okhla bird sanctuary does not affect any realty project in the area. The ministry had invited comments and suggestions from the public for the next 60 days. All objections to the governments, draft order were filed and cleared within 60 days as stipulated. However, the final clearance has yet not been received and the final decision remains pending with MoEF. The developers are not issuing completion certificate as of now.
Key features of sale agreement
The buyer agreement has been drafted and executed between developer and buyer. The buyer agreement provides details of possession timeline, key deliverables, payment schedule, penalty on buyer and seller, cancellation terms and maintenance terms among other details.

Project financial status
The total project cost of Rs.1,670 crore is likely to be funded through Rs.71 crore of equity, Rs.130 crore of debt and the rest through customer advances. The company has achieved comfortable sales booking of 35.56 lacs (78%) as on September 30, 2014, with sale value of Rs.1,404 crore. Also, the company has already received Rs.1,227 crore, thereby indicating reasonable collection progress. Nevertheless, with high dependence on customer advances, the sale of the remaining inventory as envisaged and the timely collection of customer advances would be important for completing the project in a timely manner.

The execution of the project is in final stages with 83.51% of the total construction cost is incurred as on September 30, 2014. Apart from the additional tower launched by the company, entire construction work is completed. Additional Tower (H16) was launched in September 2012 and is expected to be completed by December 2015.
