CARE FORAYS INTO CONSULTANCY

Rating major Credit Analysis and Research Ltd (CARE) is diversifying into new areas and has plans to foray into overseas market to boost its revenue, CARE is set to offer risk management consultancy services from 2013-14 through CARE Kalypto Risk Technologies Ltd, a subsidiary of the company, CARE managing director and chief executive officer D R Dogra said in Kolkata on Wednesday. "Growth in ratings space is limited. Consultancy services would provide diversification," he said on the sidelines en-organised Financial Markets Conclave 2013. The consultancy services in the financial space would mostly include financial due diligence, deal valuations and risk management services, Dogra said.
