Detailed Rationale & Key Rating Drivers

CARE Ratings Ltd. had, vide its press release dated March 24, 2021, placed the rating(s) of Accusonic Controls Private Limited (ACPL) under the 'issuer non-cooperating' category as ACPL had failed to provide information for monitoring of the rating and had not paid the surveillance fees for the rating exercise as agreed to in its Rating Agreement. ACPL continues to be non-cooperative despite repeated requests for submission of information through e-mails, phone calls and a letter/email dated February 07, 2022, February 17, 2022, February 27, 2022.

In line with the extant SEBI guidelines, CARE Ratings Ltd. has reviewed the rating on the basis of the best available information which however, in CARE Ratings Ltd.'s opinion is not sufficient to arrive at a fair rating.

Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating(s).

The ratings have been revised on account of non-availability of requisite information. The revision in rating also considers delays in debt servicing as recognized from publicly available information.
