Detailed Rationale & Key Rating Drivers

CARE had, vide its press release dated December 11, 2020, placed the rating(s) of Hissar Pipes Private Limited (HPPL) under the 'issuer non-cooperating' category as HPPL had failed to provide information for monitoring of the rating and had not paid the surveillance fees for the rating exercise as agreed to in its Rating Agreement. HPPL continues to be non-cooperative despite repeated requests for submission of information through e-mails, phone calls and a letter/email dated October 27, 2021, November 06, 2021, November 16, 2021.

In line with the extant SEBI guidelines, CARE has reviewed the rating on the basis of the best available information which however, in CARE's opinion is not sufficient to arrive at a fair rating.

Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating.

The ratings have been revised on account of non-availability of requisite information. The ratings also consider a significant decline in scale of operations and profitability in FY20 compared to FY19.
