Rationale and key rating drivers

CARE Ratings Limited has been seeking information from Reliance Capital Limited (RCL) to monitor the rating(s) vide e-mail communications/letters dated February 10, 2023, January 31, 2023 and January 21, 2023 and numerous phone calls. However, despite our repeated requests, the company has not provided the requisite information for monitoring the ratings. In line with the extant SEBI guidelines, CARE has reviewed the rating on the basis of the best available information which however, in CARE's opinion is not sufficient to arrive at a fair rating. Further, RCL has not paid the surveillance fees for the rating exercise as agreed to in its Rating Agreement. The rating on Reliance Capital Limited's long-term debt programme and instruments continues to be denoted as CARE D/CARE PP-MLD D; ISSUER NOT COOPERATING*.

The company has been admitted under the CIRP process effective December 2021. NCLT vide its order dated October 02, 2022 has granted exclusion of 90 days for completion of CIRP till January 31, 2023. Further, NCLT by its order dated January 31, 2023 has granted further exclusion of 45 days for completion of CIRP extending the CIRP period till March 17, 2023.

Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating(s).

The ratings take into account continuous delay in servicing of debt obligations and continuous reporting of net loss.

Detailed description of the key rating drivers

At the time of last rating on March 07, 2022, delay in servicing of debt obligations and continuous reporting of net loss were the rating weaknesses.

Analytical approach: Standalone

Key weaknesses

Delay in servicing of debt obligations

There has been continuous delay in servicing of debt obligations on account of stretched liquidity. The liquidity profile of the group continues to be under stress. However, Debenture holders have approved monetization plan with 100% majority on January 5, 2021.

Continued stressed Profitability

As 100% of the loan book is NPA, the interest income has remained low and on similar level to Rs. 6 Crore in 9MFY23 from Rs. 3 crores in 9MFY22. The company has reported net loss of Rs. 318 crores in 9MFY23 as against Rs. 1,078 crores in 9MFY22.
