## **Detailed Rationale & Key Rating Drivers**

The ratings assigned to the bank facilities of Future Consumer Limited (FCL) primarily factors in continued poor liquidity position leading to reduced cash accruals on account of impact of COVID19. The ratings also factor in stretched liquidity position of the Future Group which has impacted the financial flexibility of the company.

CARE Ratings Ltd. has withdrawn the rating assigned to the NCD issue of FCL with immediate effect, as the company has repaid the aforementioned NCD issue in full and there is no amount outstanding under the issue as on date.

#### **Rating Sensitivities**

#### Positive Factors - Factors that could lead to positive rating action/upgrade:

- Strong and resilient recovery in operations and cash flows across the Future Group.
- Stronger-than-anticipated business performance due to fast ramp-up of operations and cost optimization measures leading to improvement of PBILDT margin.

#### Detailed description of the key rating drivers **Kev Rating Weakness**

## Weak financial performance and stretched liquidity position

The liquidity position of the company continues to remain weak on account of weak financial performance, leading to delays in debt servicing in the past. CARE takes cognizance of the fact that company has undergone restructuring.

## Deteriorated operational performance on account of COVID19 outbreak

The retail sector was significantly impacted due to COVID-19 restrictions. FCL, being dependent on FRL, and with FRL's revenue impacted tremendously, FCL suffered losses. For FY21, the company reported PBILDT and PAT of Rs. -25.51 crore and Rs. -388.37 crore respectively on total operating income of Rs.648.28 crore.

The company for H1FY22 has reported a net loss of Rs.6.47 crore on a total income of Rs.331.93 crore as against a loss of Rs.110.54 crore on a total income of Rs.92.24 crore during H1FY21.

# Deterioration in financial flexibility; considerable promoters' stake pledged

As on December 31, 2021, the promoters of FCL have pledged 88.28% of their 14.47% stake in the company. Falling market capitalisation coupled with rising debt has led to significant deterioration of debt to market-capitalisation. Considerable reduction in market capitalisation and in absence of any additional cover provided by the promoters, significant amount of pledged shares have been invoked.

## **Deterioration in credit profile of Future Group**

The share price of various Future Group entities has witnessed a steep decline. The weakening of market capitalization has impacted the financial flexibility of the group.

#### **Key Rating Strengths Experienced promoters**

FCL is part of the Future Group, which is one of the largest retailers in India. The promoters of FCL are involved in the management of the business, defining and monitoring the business strategy for the company, and have been successful in building and scaling up the business. Furthermore, the promoters are supported by a strong management team, having significant experience in the retail industry.

### Wide marketing and distribution network and optimized supply chain management

FCL distributes the Private Brands majorly to Future Retail Ltd (as per the requirement placed) which retails them through Big Bazaar and Easyday/Heritage networks. Big Bazaar is one of the largest value store chains in the country with around 300 stores. Moreover, the company sells through small stores format of Future group (Easy day and Heritage). FCL operates under an asset light business model, wherein warehouses are on long term lease basis and company invests in equipment/infrastructure required for the warehouse management. The warehouses help manage the supply chain activities of the Private Brands in the proximity areas. However, the company does not own any transportation fleet and depends on third party fleet for movement of goods. However, on account of COVID19 pandemic most of the company's stores were closed or operating at minimal inventory thereby leading to losses at operating levels.

#### **Liquidity: Poor**

The liquidity profile of the company continues to remain poor on account of slower than anticipated recovery post easing of lockdown restrictions on account of COVID19, weakened credit profile and unavailability of external funding has significantly hampered the company's ability to generate adequate cash flows. The company's working capital limits remain fully utilised. FCL has implemented OTR plan w.e.f. May 07, 2021.

CARE Ratings commenced operations in April 1993 and over two decades, it has established itself as one of the leading credit rating agencies in India. CARE is registered with the Securities and Exchange Board of India (SEBI) and also recognized as an External Credit Assessment Institution (ECAI) by the Reserve Bank of India (RBI). CARE Ratings is proud of its rightful place in the Indian capital market built around investor confidence. CARE Ratings provides the entire spectrum of credit rating that helps the corporates to raise capital for their various requirements and assists the investors to form an informed investment decision based on the credit risk and their own risk-return expectations. Our rating and grading service offerings leverage our domain and analytical expertise backed by the methodologies congruent with the international best practices.

#### Disclaimer

CARE's ratings are opinions on the likelihood of timely payment of the obligations under the rated instrument and are not recommendations to sanction, renew, disburse or recall the concerned bank facilities or to buy, sell or hold any security. CARE's ratings do not convey suitability or price for the investor. CARE's ratings do not constitute an audit on the rated entity. CARE has based its ratings/outlooks on information obtained from sources believed by it to be accurate and reliable. CARE does not, however, guarantee the accuracy, adequacy or completeness of any information and is not responsible for any errors or omissions or for the results obtained from the use of such information. Most entities whose bank facilities/instruments are rated by CARE have paid a credit rating fee, based on the amount and type of bank facilities/instruments. CARE or its subsidiaries/associates may also have other commercial transactions with the entity. In case of partnership/proprietary concerns, the rating /outlook assigned by CARE is, inter-alia, based on the capital deployed by the partners/proprietor and the financial strength of the firm at present. The rating/outlook may undergo change in case of withdrawal of capital or the unsecured loans brought in by the partners/proprietor in addition to the financial performance and other relevant factors. CARE is not responsible for any errors and states that it has no financial liability whatsoever to the users of CARE's rating. Our ratings do not factor in any rating related trigger clauses as per the terms of the facility/instrument, which may involve acceleration of payments in case of rating downgrades. However, if any such clauses are introduced and if triggered, the ratings may see volatility and sharp downgrades.
