

## Jindal Hotels Limited

June 17, 2022

### Ratings

Facilities/Instruments	Amount (₹ crore)	Rating <sup>1</sup>	Rating Action
Long Term Bank Facilities	41.55	CARE BB+; Positive (Double B Plus; Outlook: Positive)	Reaffirmed; Outlook revised from Negative
Short Term Bank Facilities	8.00	CARE A4+ (A Four Plus)	Reaffirmed
<b>Total Bank Facilities</b>	<b>49.55</b> <b>(₹ Forty-Nine Crore and Fifty-Five Lakh Only)</b>		

Details of facilities in Annexure-1.

### Detailed rationale and key rating drivers

The ratings assigned to the bank facilities of Jindal Hotels Limited (JHL) continue to remain constrained on account of leveraged capital structure with modest debt coverage indicators, geographical concentration risk along with its exposure to the risks associated with the cyclical and competitive hospitality industry.

The ratings, however, continues to derive strength from established track record of operations of its well-located hotel property under the brand name of "Grand Mercure" of Europe-based Accor Group and its tie up with reputed corporate clients. The ratings also take cognizance of improvement in JHL's financial performance during FY22 (Provisional) (refers to the period April 01 to March 31).

### Rating sensitivities

#### Positive factors – Factors that could lead to positive rating action/upgrade:

- Sustained growth in its scale of operations with total operating income (TOI) of more than Rs.35 crore along with PBILDT margin of more than 25%
- Improvement in capital structure led by overall gearing ratio to less than 3 times along with improvement in debt coverage indicators on a sustained basis.

#### Negative factors – Factors that could lead to negative rating action/downgrade:

- Reduction in occupancy levels over a prolonged period of time, thereby affecting its liquidity & debt coverage indicators.
- Decline in TOI by 20% with continuation of operating losses.
- Delay in infusion of need-based financial support from the promoter group

### Outlook: Positive

The revision in the outlook from 'Stable' to 'Positive' reflects the expected improvement in the financial performance and liquidity profile of the company owing to improvement in RevPAR (revenue per available room) along with growth in income from food and beverages (F&B) segment. The outlook, however, may be revised to 'Stable' in case of lower than envisaged improvement in JHL's financial performance and deterioration in its liquidity profile.

### Detailed description of the key rating drivers

#### Key rating weaknesses

##### Leverage capital structure:

The capital structure of JHL deteriorated and remains leveraged marked by the overall gearing of 3.76x as at FY22 end (3.08x as at FY21 end) on account of erosion of networth due to net losses incurred in FY21. The debt coverage indicators, albeit improved, remained modest marked by total debt to GCA and interest coverage ratio 38.11x (9.36x in FY21) and 1.25x (-0.25x in FY21) in FY22 respectively.

##### Geographical concentration risk due to single property operations of JHL:

JHL is exposed to geographic concentration risk as it operates a single hotel property in Vadodara. There exists stiff competition among premium hotels in Vadodara which are in nearby vicinity and focus majorly on catering to corporate clients. Consequently, it is inherently exposed to changes in economic and industrial growth in the region.

##### Inherent risks associated with cyclical and competitive hospitality sector:

JHL like any other hospitality player is exposed to cyclical nature of the industry, i.e. changes in the macro-economic factors, industrial growth, and tourist arrival growth in India, international and domestic demand supply scenarios, competition in the industry, government policies and regulations and other socio-economic factors which leads to inherent cyclical nature in the industry. These risks can impact the occupancy rate of the company and thereby the company's profitability.

<sup>1</sup>Complete definition of the ratings assigned are available at [www.careedge.in](http://www.careedge.in) and other CARE Ratings Ltd.'s publications

**Key rating strengths****Improvement in scale of operations and profitability:**

The TOI of JHL grew significantly by 92% y-o-y to Rs 29.86 crore in FY22 (PY: 15.55 crore) owing to improvement in occupancy rate to 59% (PY; 37%) respectively due to ease in travel restrictions and increase in Meeting, Incentives, Conferences and Exhibitions (MICE). The growth was muted on account of lower RevPAR of Rs.1452/room in FY22 as against Rs.2208/room in FY21.

JHL reported operating profit of Rs. 6.12 crore (PBILDT margin of 20.51%) as against operational loss during FY21 on account considerable saving on employee cost and other operating expenses. Sustenance of the same with gradual opening of the economy remains a key rating monitorable. Consequently, net losses reduced to Rs.2.40 crore in FY22 as compared to Rs.10.96 crore in FY21.

**Experienced promoters with established track record of operations:**

Mr. Piyush Shah, Chairman & Managing Director of JHL, is a third-generation entrepreneur and has more than three decades of experience in the hospitality industry. JHL owns a 146 room three-star hotel property 'Surya Palace' at Vadodara, which is operational since 1984. It is operated under the brand name of 'Grand Mercure' under management alliance with Accor group of Hotels (Accor).

**Strategic Location advantage and increasing footfall because of SOU tourism:**

The hotel property is well-located at Sayajigunj near the central business district of Alkapuri in Vadodara and is well connected with major industrial zones and has easy connectivity to the Railway Station, Airport and various city attractions. Going forward, the footfall is expected to increase due to Statue of unity tourism and convention of one of the banquet halls to Gujarati Thali restaurant.

**Operations managed by Accor Group of Hotels under 'Grand Mercure' and established tie-up with corporate clients:**

JHL has entered into a 10-year agreement starting from June 2017 with Accor, one of the largest hotel operators in Europe managing around 7,77,714 rooms spread over 5,300 hotels across 110 countries. Accor, with its global brand presence and well-established marketing set-up, has helped JHL to enhance its corporate clientele as well as in attracting tourists through its marketing channel and loyalty programs. Furthermore, JHL has an established tie-up with a sizeable number of corporate clients located in and around Vadodara and has hosted several national as well as international events and seminars. JHL is also focused on being a favoured location for wedding and corporate events for its banqueting and conference room facilities.

**Liquidity: Adequate**

JHL's liquidity remained adequate marked by cushion available in the form of unutilized OD Limit of Rs.6.15 crore and free cash and liquid investments of Rs.7.34 crore as on March 31, 2022. In case of any exigency, the promoters are committed to infuse funds for the operational and financial requirements of the company. Further, during FY22, JHL has issued 3,50,000 share warrant of Rs.10 each at a price of Rs.32 each for cash aggregating to Rs.1.47 crore.

JHL has opted for one-time restructuring plan for its term loan instalments from February 28, 2021 onwards wherein principal payment of term loan has been deferred by 24 months (i.e. from February 28, 2021 to January 31, 2023). However, payment of interest component of Rs.0.30 crore per month on its principal outstanding of Rs.41.55 crore has been started in February 2021.

Going forward, JHL is envisaged to generate cash accruals in the range of Rs.6-10 crore as against debt repayment obligations in the range of Rs.3-8 crore in the near term.

### About us:

Established in 1993, CARE Ratings is one of the leading credit rating agencies in India. Registered under the Securities and Exchange Board of India, it has been acknowledged as an External Credit Assessment Institution by the RBI. With an equitable position in the Indian capital market, CARE Ratings provides a wide array of credit rating services that help corporates raise capital and enable investors to make informed decisions. With an established track record of rating companies over almost three decades, CARE Ratings follows a robust and transparent rating process that leverages its domain and analytical expertise, backed by the methodologies congruent with the international best practices. CARE Ratings has played a pivotal role in developing bank debt and capital market instruments, including commercial papers, corporate bonds and debentures, and structured credit.

### Disclaimer:

The ratings issued by CARE Ratings are opinions on the likelihood of timely payment of the obligations under the rated instrument and are not recommendations to sanction, renew, disburse, or recall the concerned bank facilities or to buy, sell, or hold any security. These ratings do not convey suitability or price for the investor. The agency does not constitute an audit on the rated entity. CARE Ratings has based its ratings/outlook based on information obtained from reliable and credible sources. CARE Ratings does not, however, guarantee the accuracy, adequacy, or completeness of any information and is not responsible for any errors or omissions and the results obtained from the use of such information. Most entities whose bank facilities/instruments are rated by CARE Ratings have paid a credit rating fee, based on the amount and type of bank facilities/instruments. CARE Ratings or its subsidiaries/associates may also be involved with other commercial transactions with the entity. In case of partnership/proprietary concerns, the rating/outlook assigned by CARE Ratings is, inter-alia, based on the capital deployed by the partners/proprietors and the current financial strength of the firm. The ratings/outlook may change in case of withdrawal of capital, or the unsecured loans brought in by the partners/proprietors in addition to the financial performance and other relevant factors. CARE Ratings is not responsible for any errors and states that it has no financial liability whatsoever to the users of the ratings of CARE Ratings. The ratings of CARE Ratings do not factor in any rating-related trigger clauses as per the terms of the facilities/instruments, which may involve acceleration of payments in case of rating downgrades. However, if any such clauses are introduced and triggered, the ratings may see volatility and sharp downgrades.
