## Rationale and key rating drivers

CARE Ratings Limited (CARE Ratings) had, vide its press release dated February 25, 2021, placed the ratings of Shree Rajasthan Syntex Limited (SRSL) under the 'issuer not cooperating' category as SRSL had not paid the surveillance fees for the rating exercise as agreed to in its rating agreement. Moreover, SRSL has not provided NDS since more than six months. SRSL continues to be non-cooperative and has not submitted the requisite information despite repeated requests through e-mails dated April 05, 2023, April 15, 2023 and April 25, 2023. In line with the extant SEBI guidelines, CARE Ratings has reviewed the rating on the basis of the best available information which, however, in CARE Ratings' opinion is not sufficient to arrive at a fair rating.

Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating(s).

The ratings of the bank facilities of SRSL continue to be constrained due to ongoing delay/ default in debt servicing arising out of its stressed liquidity.

# Analytical approach: Standalone

### **Detailed description of the key rating drivers:**

At the time of last rating on May 20, 2022, the following was the rating weakness (updated for the information available from stock exchange):

# **Key weaknesses**

#### Continuing delay/ default in debt servicing obligation

As per the published results of the SRSL for quarter and year ended March 31, 2023, the company has defaulted in repayment of its debt obligations as on March 31, 2023. The above-mentioned default in debt servicing indicates stress on SRSL's liquidity arising from its weak operational and financial performance during past three years ended FY23 (refers to period April 1 to March 31) wherein the company reported net loss and cash loss. Further, the Hon'ble NCLT, Jaipur bench admitted the company's petition for pre-packaged insolvency resolution process (PPIRP) under Section 54A of the insolvency and bankruptcy Code (IBC).
