

**ONGC Petro additions Limited**

February 26, 2024

CARE Ratings Limited (CARE Ratings) notes that ONGC Petro additions Limited (OPaL) in its Extra-ordinary General Meeting dated February 19, 2024, has approved extension of tenure of Compulsorily Convertible Debentures (CCDs) of ₹492 crore (ISIN: INE163N08214) prior to the date of exercising of the put option becoming applicable on February 28, 2024 and conversion date of March 28, 2024. The tenure of the CCDs is proposed to be extended up to six months with the consent of the investor in these CCDs. These CCDs are backed by credit enhancement (CE) in the form of an irrevocable and unconditional undertaking which is legally enforceable (as per independent legal opinion taken by CARE Ratings) from Oil and Natural Gas Corporation Limited (ONGC; rated 'CARE AAA; Stable/CARE A1+'), to buyout these CCDs from the investor on exercise of 'put' option and to ensure its servicing on due date.

ONGC, in its Board meeting, has already approved the extension of backstopping support for aforementioned CCDs up to another six months.

Furthermore, in September 2023, ONGC's board of directors had already approved the implementation of sustainable capital restructuring of OPaL wherein ONGC is expected to invest around ₹18,000 crore in OPaL. The timeline for this capital restructuring is expected to be by end-FY24. CARE Ratings notes that extant extension of tenure of CCDs is solely to keep status quo of existing capital structure till the time requisite approvals are in place for increasing equity stake of ONGC in OPaL beyond its existing 49.36% stake. The other shareholders of OPaL are GAIL India Ltd. (49.21%) and Gujarat State Petroleum Corporation Limited (1.43%).
