Rationale & Key Rating Drivers

CARE Ratings Ltd. had, vide its press release dated March 10, 2023, placed the rating(s) of Holitech India Private Limited (HIPL) under the 'issuer non-cooperating' category as HIPL had failed to provide information for monitoring of the rating and had not paid the surveillance fees for the rating exercise as agreed to in its Rating Agreement. HIPL continues to be non-cooperative despite repeated requests for submission of information through e-mails, phone calls and a letter/email dated May 06, 2024.

In line with the extant SEBI guidelines, CARE Ratings Ltd. has reviewed the rating on the basis of the best available information which however, in CARE Ratings Ltd.'s opinion is not sufficient to arrive at a fair rating.

Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating(s).

The ratings have been revised on account of non-availability of requisite information. Further the rating revision also considers continued cash losses over the past three years as well as delays in debt servicing to its parent company as recognized from publicly available information i.e. FY23 annual report available from ROC Filings.

Analytical approach: Standalone

Outlook: Stable
