Rationale and key rating drivers

CARE Ratings Ltd. had, vide its press release dated January 30, 2024, placed the rating(s) of Advance Metering Technology Limited (AMTL) under the 'issuer non-cooperating' category as AMTL had failed to provide information for monitoring of the rating and had not paid the surveillance fees for the rating exercise as agreed to in its Rating Agreement. AMTL continues to be non-cooperative despite repeated requests for submission of information through e-mails, phone calls and a letter/email dated May 28, 2024, May 29, 2024 and May 30, 2024.

In line with the extant SEBI guidelines, CARE Ratings Ltd. has reviewed the rating on the basis of the best available information which however, in CARE Ratings Ltd.'s opinion is not sufficient to arrive at a fair rating.

Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating(s).

The ratings assigned to the bank facilities of AMTL have been revised on account of non-availability of requisite information. The ratings also factored in accumulation of operating losses as well as reported net losses, increase in total debt levels and deteriorated debt coverage indicators during FY24.
