Rationale and key rating drivers

CARE Ratings Ltd. had, vide its press release dated August 28, 2023, placed the rating(s) of G C Spintex Private Limited (GCSPL) under the 'issuer non-cooperating' category as GCSPL had failed to provide information for monitoring of the rating as agreed to in its Rating Agreement. GCSPL continues to be non-cooperative despite repeated requests for submission of information through e-mails dated July 13, 2024, July 23, 2024 and August 02, 2024 among others.

In line with the extant SEBI guidelines, CARE Ratings Ltd. has reviewed the rating on the basis of the best available information which however, in CARE Ratings Ltd.'s opinion is not sufficient to arrive at a fair rating.

Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating(s).

The ratings assigned to bank facilities of GCSPL have been revised on account of non – availability of requisite information.

Analytical approach: Standalone revised from combined

The financial and business risk profiles of G C Spintex Private Limited (GCS), GC Threads Private Limited (GCT) and GC Fibres Limited (GCF) had been previously combined as the three companies (together referred to as 'GC Group') are in the same line of business, have operational and financial linkages, have the same promoters and a common management team. However, updated information is not available to ascertain financial linkages that warrant a continuation of combined approach.

Outlook: Stable
