Rationale and key rating drivers

CARE Ratings Ltd. had, vide its press release dated July 12, 2023, placed the rating(s) of R.R. Arafa Gold (RAG) under the 'issuer non-cooperating' category as RAG had failed to provide information for monitoring of the rating as agreed to in its Rating Agreement. RAG continues to be non-cooperative despite repeated requests for submission of information through e-mails dated May 27, 2024, June 06, 2024, June 16, 2024 among others.

In line with the extant SEBI guidelines, CARE Ratings Ltd. has reviewed the rating on the basis of the best available information which however, in CARE Ratings Ltd.'s opinion is not sufficient to arrive at a fair rating.

Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating(s).

The ratings assigned to the bank facilities of RAG have been revised on account of non-availability of requisite information.

Analytical approach: Standalone revised from combined

CARE has taken a combined view of the four entities viz Arafa Gold and Diamonds Private Limited (AGDPL), R.R.Arafa Gold (RRAG), Zoya Gold (ZG) and SK Gold (SG), herein after referred to as "Arafa Group". All the entities are managed by the same promoter family and are engaged in similar line of business with cash flow fungibility in between them. However, updated information is not available to ascertain financial as well as operational linkages that warrant a continuation of combined approach.
