#### **Rationale & Key Rating Drivers**

CARE Ratings Ltd. had, vide its press release dated October 11, 2023, placed the rating(s) of Niagara Metals India Limited (NMIL) under the 'issuer non-cooperating' category as NMIL had failed to provide information for monitoring of the rating as agreed to in its Rating Agreement. NMIL continues to be non-cooperative despite repeated requests for submission of information through e-mails dated August 26, 2024, September 05, 2024 and September 15, 2024 among others.

In line with the extant SEBI guidelines, CARE Ratings Ltd. has reviewed the rating on the basis of the best available information which however, in CARE Ratings Ltd.'s opinion is not sufficient to arrive at a fair rating.

# Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating(s).

#### About the company

Niagara Metals India Limited (NMIL) was incorporated in December, 2004 as a 100% export-oriented unit for railway components. The company is currently being managed by Mr. Vinod Kumar Soni, Mr. Vikram Soni (son of Mr. Vinod Kumar Soni) and Mr. Charanjit Singh. NMIL's manufacturing facility is situated at Ludhiana, Punjab. The company was initially engaged in the manufacturing of railway components and exported the same to the USA markets. However, in 2009, the company diversified its business and started manufacturing auto components also, apart from manufacturing railway components. Later on, in 2011, NMIL ventured into construction and installation of pre-engineered steel structural buildings (PEBs) also, providing turnkey solutions in infrastructure space and shifted its selling arrangements from exports to domestic sales.

**Status of non-cooperation with previous CRA:** India Ratings has continued the rating assigned to the bank facilities of NMIL into Issuer Not Cooperating category vide press release dated July 14, 2024 on account of its inability to carry out a review in the absence of requisite information.
