Details of instruments/facilities in Annexure-1.

#### Rationale and key rating drivers

CARE Ratings Ltd. has been seeking information from A2Z Engineers And Pile Foundations (A2Z) to monitor the ratings vide e-mail communications dated January 30, 2025, February 25, 2025 among others and numerous phone calls. However, despite our repeated requests, the firm has not provided the requisite information for monitoring the ratings. In line with the extant SEBI guidelines, CARE Ratings Ltd. has reviewed the rating on the basis of the best available information which however, in CARE Ratings Ltd.'s opinion is not sufficient to arrive at a fair rating. The rating on A2Z's bank facilities will now be denoted as **CARE B+; Stable/CARE A4; ISSUER NOT COOPERATING\***.

# Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating(s).

The ratings assigned to the bank facilities of A2Z have been revised and migrated to Issuer Non Cooperating category on account of non-availability of requisite information and due to non-cooperation with CARE Ratings Ltd's (CARE Ratings) efforts to undertake a review of the rating outstanding. CARE Ratings views information availability risk as a key factor in its assessment of credit risk. The ratings are constrained by moderate scale of operations, concentrated order book position, proprietorship nature of business with inherent capital withdrawal risk and presence in a highly competitive tender-based industry. The ratings however derive strength from vast experience of its promoters in the construction sector, well established track record of operations and comfortable debt protection metrics.

Analytical approach: Standalone

Outlook: Stable

### **Detailed description of key rating drivers:**

At the time of last rating on March 29, 2024 the following were the rating strengths and weaknesses.

#### **Key weaknesses**

# Moderate scale of operations with concentrated order book

A2Z undertakes construction of multi-story building including the piling works. It receives work orders mainly from Military Engineer Services (MES) and a few direct orders. The current order book compromises the projects to be executed within Kerala and Lakshadweep. The order book position stood moderate at Rs 99.33 crore as on December 31, 2023, which translates to 1.62 times of total operating income (TOI) of FY23. The scale of the operations of the firm also stood moderate with total income of Rs.61.37 crore in FY23 albeit grown at the CAGR of 47.69% over past three years.

#### Tender-based nature of operations and intensely competitive civil construction industry

A2Z receives its work orders mainly from MES/companies. There is limited revenue diversity, as contracts are executed mostly in Kerala. All these are tender-based, and the revenues are dependent on the company's ability to bid successfully for these tenders. Profitability is exposed to pressure because of the competitive nature of the industry. There are numerous unorganized players operating in the industry which makes the civil construction space highly competitive.

#### Proprietorship nature of business constitution with inherent risk of withdrawal of capital

A2Z is a proprietorship nature of business wherein the inherent risk of withdrawal of capital by the promoter at the time of their personal contingencies resulting in erosion of capital base leading to adverse effect on capital structure. However,

<sup>\*</sup>Issuer did not cooperate; Based on best available information

the risks associated with proprietorship nature of the firm is outweighed by the significant experience of the promoter in the construction business and their ability to bring in capital to support the operations. There has been instance of withdrawal of capital during FY21 and FY22.

#### **Key Strengths**

#### Vast promoter experience

A2Z Engineers And Pile Foundations is managed by Mr. Mijulal P. He has over 30 years of experience in conceiving and developing projects, primarily in Infrastructure sector. The promoter looks after contract procurement and execution of activities. Mr. Mijulal P had been the former secretary of Builder's Association of India (Kochi Branch) and presently he is serving as the treasurer of Builder's Association of India (Kochi Branch).

#### Long track record of operations

The firm is engaged in construction activities since 1995. It is been enlisted with Military Engineering Services (MES) in class 'B' including provision of pile foundation since 2000 and in 2019, upgraded to class 'S'. Major piling and structural works for MES contracts in Kochi and Lakshadweep are executed by the firm.
