### Rationale and key rating drivers

CARE Ratings Limited (CareEdge Ratings) had, vide its press release dated November 13, 2024, placed the rating(s) of Maharshee Geomembrane (India) Private Limited (MGPL) under the 'issuer non-cooperating' category as MGPL had failed to provide information for monitoring of the rating as agreed to in its Rating Agreement. MGPL continues to be non-cooperative despite repeated requests for submission of information through e-mails dated September 29, 2025, October 09, 2025, October 19, 2025 among others.

In line with the extant SEBI guidelines, CareEdge Ratings has reviewed the rating on the basis of the best available information which however, in CareEdge Ratings opinion is not sufficient to arrive at a fair rating.

**Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating(s).**

The ratings assigned to the bank facilities of MGPL have been revised on account of non-availability of requisite information.

**Analytical approach:** Standalone

**Outlook:** Stable

### About the company

Vadodara-based (Gujarat), MGPL was incorporated as a Private Limited Company in February, 2005, erstwhile established as a proprietorship firm in 2002. MGPL has two promoters namely Mr. Rajanikant Swain and Mrs. Madhusmita Swain to undertake the business of manufacturing of geomembrane films. MGPL commenced its commercial operations from February 2005 and currently operates from its sole manufacturing plant located at Vadodara (Gujarat) with an installed capacity of 300 metric tons per month (MTPM) of geomembrane films. The company also offers other products like geonet, HDPE pipes, Multifilament yarn etc. The activities involve importing HDPE and LDPE raw material from middle east countries, which is then processed and sold to wholesale customers mainly located in India as well as Africa, Mexico etc. The geomembrane films manufactured by MGPL find application in civil and agricultural fields, where controlling fluid or gas migration to the structure/system is the primary criterion.

**Status of non-cooperation with previous CRA:** CRISIL has continued the ratings assigned to the bank facilities of MGPL to 'Issuer Not Cooperating' category vide press release dated June 23, 2025 on account of its inability to carry out a review in the absence of the requisite information from the company
