Rationale and key rating drivers

CARE Ratings Limited (CareEdge Ratings) had, vide its press release dated February 11, 2025, placed the rating(s) of Neo Carbons Private Limited (NCPL) under the 'issuer non-cooperating' category as NCPL had failed to provide information for monitoring of the rating as agreed to in its Rating Agreement. NCPL continues to be non-cooperative despite repeated requests for submission of information through e-mails dated December 28, 2025, January 07, 2026, January 17, 2026 among others.

In line with the extant SEBI guidelines, CareEdge Ratings has reviewed the rating on the basis of the best available information which however, in CareEdge Ratings opinion is not sufficient to arrive at a fair rating.

Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating(s).

The ratings assigned to the bank facilities of NCPL have been revised on account of non-availability of requisite information.

Analytical approach: Standalone revised from Combined

CARE has combined the business and financial profiles of Brahmaputra Carbon Limited (BCL), Guwahati Carbon Limited (GCL), Neo Carbons Private Limited (NCPL), Digboi Carbon Private Limited (DCPL) and Paradip Calciner Limited (PCL) (together referred to as the Maniyar group) as all the companies are in same line of business under common management and have significant operational and financial synergies.

However, updated information is not available to ascertain financial linkages that warrant a continuation of combined approach. Hence, Analytical approach has been changed to standalone.

Outlook: Stable
