Rationale and key rating drivers

CARE Ratings Limited (CareEdge Ratings) had, vide its press release dated January 07, 2026, placed the rating(s) of ANYA POLYTECH & FERTILIZERS LIMITED (APFL) under the 'issuer non-cooperating' category as APFL had failed to provide information for monitoring of the rating for the rating exercise as agreed to in its Rating Agreement. APFL continues to be non-cooperative despite repeated requests for submission of information through e-mails dated September 07, 2026 among others. In line with the extant SEBI guidelines, CareEdge Ratings has reviewed the rating on the basis of the best available information which however, in CareEdge Ratings' opinion is not sufficient to arrive at a fair rating.

Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating(s).

The ratings have been revised on account of non-availability of requisite information. The revision further considers the instances delays in debt servicing as recognized from the FY26 audit report available from stock exchange filings.
