Rationale and key rating drivers

Re-affirmation of ratings to bank facilities and debt instruments of Hinduja Leyland Finance Limited (HLF) reflect the strategic and financial support from its parent, Ashok Leyland Limited (ALL; rated CARE AA+; Stable/CARE A1+), which held a 61.1% stake in HLF as of June 30, 2026. The Hinduja Group's total shareholding in HLF stood at 71.5% as on June 30, 2026. HLF benefits from periodic equity infusions by the parent, operational linkages through ALL's dealer network, and a shared brand name.

Ratings continue to factor in the company's experienced management team, demonstrated fund-raising ability to support business growth, adequate capitalisation levels, diversified product offerings, wide geographic presence, and relatively diversified funding profile. The company's consolidated assets under management (AUM) grew significantly by 22% year-on-year (y-o-y) to ₹75,468 crore as on March 31, 2026. Of the total consolidated AUM, 22% consists of ALL vehicles as on June 30,2026.

However, ratings continue to be tempered by moderate profitability as the return on total average assets (ROTA) stood moderate at 1.4% in FY26 (FY25: 1.5%) and the return on managed assets (ROMA) at 1.1% in FY26 (FY25: 1.3%). Asset quality has remained broadly stable, with gross non-performing assets (GNPA) on AUM at 2.8% as on March 31, 2025, and March 31, 2026, before witnessing a marginal increase to 2.9% as on June 30, 2026. NNPA on AUM remained unchanged at 1.6% across all three periods.

CARE Ratings Limited (CareEdge Ratings) notes the progress in proposed merger of Hinduja Leyland Finance Limited (HLF) with NDL Ventures Limited (formerly known as NXTDIGITAL Limited; NDL). The company received the requisite No Objection Certificate (NOC) from the Reserve Bank of India (RBI) in August 2025. The merger proposal, originally approved by the boards of HLF and NDL in 2022 and subsequently re-approved in 2025, also progressed through the National Company Law Tribunal (NCLT) process, including receipt of shareholder approvals. The scheme is currently awaiting final approval from NCLT and completion of related statutory formalities.

The merger is not expected to impact HLF's credit profile. However, it will result in HLF becoming a publicly listed entity, enabling direct access to equity capital markets. Existing HLF shareholders will receive shares in NDL based on a revised share swap valuation.

CareEdge Ratings has withdrawn the rating assigned to the Principal-protected market-linked debenture issue - III and Subordinated debt – V of HLF with immediate effect, as the company has repaid the said issues in full and there is no amount outstanding.

Rating sensitivities: Factors likely to lead to rating actions

Positive factors: Factors that could individually or collectively lead to positive rating action/upgrade:

- Substantial increase in scale of operations and improvement in asset quality and profitability parameters with significant increase in return on total assets (ROTA) on a sustained basis.
- Improvement in credit profile of the parent.

Negative factors: Factors that could individually or collectively lead to negative rating action/downgrade:

- Significant deterioration in asset quality and delinquency levels on a sustained basis.
- Deterioration in capital adequacy parameters below regulatory requirement.
- Dilution in ALL's shareholding in HLF below 51%.
- Significant deterioration in credit profile of the parent.

Analytical approach: Consolidated approach, factoring in linkages with the parent, ALL.
CareEdge Ratings has taken a consolidated approach, factoring operational and business linkages among HLF and its subsidiaries, associate and joint venture and the common promoter group. Entities considered for consolidation are listed under Annexure-5. HLF benefits from strong operational synergies, including access to ALL's dealer network and use of a shared brand name and logo. In addition to a proven track record of equity infusions, HLF enjoys financial flexibility, enabling it to raise funds from diverse sources at competitive rates due to its strong parentage.

Outlook: Stable
The stable outlook reflects likely continuation of stable credit profile supported by a diversified product profile and demonstrated fund-raising ability, including benefits derived from being part of the Hinduja group.

Detailed description of key rating drivers

Key strengths

Strong parentage and benefits derived from being part of Hinduja group

Established in 1918, the Hinduja Group has built global presence across 30 countries, with diversified operations in automotive, banking and finance, IT/ITES, energy, and chemicals. HLF is a subsidiary of ALL, a leading player in India's commercial vehicle segment, rated CARE AA+; Stable/CARE A1+. HLF is considered a strategically important entity of ALL, with ALL vehicles accounting for ~22% of HLF's consolidated AUM of ₹76,467 crore as on June 30, 2026. HLF contributes ~10% to ALL's overall sales.

HLF benefits from strong financial flexibility as part of the Hinduja group, enabling access to diverse funding sources at competitive rates. CareEdge Ratings expects the parent to continue to provide need-based support to HLF.

Experienced promoters and senior management team

The Hinduja group has well-established track record in building and managing businesses within the banking and financial services sector. HLF's key strength lies in its experienced leadership team, with deep expertise in managing similar financial operations.

HLF's board comprises eight directors, including four independent members with significant experience in financial services. The company is further supported by a seasoned senior management team that ensures efficient and professional oversight of day-to-day operations.

Diversified funding profile, however, bank funding remains a major source in recent years

HLF's standalone funding profile is well-diversified, with access to low-cost funding from banks and capital market instruments such as non-convertible debentures (NCDs), subordinated debt, and commercial papers (CPs). Bank borrowings, including cash credit and working capital demand loans, accounted for 76.8% of total borrowings as on March 31, 2026 (March 31, 2025: 77.9%), with a balanced mix of public and private sector banks.

As on March 31, 2026, borrowings from NBFCs/financial institutions stood at 6.8%, followed by subordinated debt at 7.3%, NCDs at 3.5% and perpetual debt instruments (PDI) at 1.2%. External commercial borrowings (ECB) increased to 4.3% as on March 31,2026 from 2.8%as on March 31, 2025. Consolidated off balance sheet portfolio stood at ₹13,471 crore as on March 31, 2026 (March 31, 2025: ₹11,562 crore).

On a standalone basis, as on June 30, 2026, the funding mix comprised term loans from banks (75.7%), NBFCs/FIs (6.4%), subordinated debt (7.7%), ECB (4.3%), NCDs (3.5%), and PDI (1.2%). CareEdge Ratings anticipates an increase in capital market borrowings in the medium term.

Adequate capitalisation levels

HLF's capitalisation remains adequate, with consolidated tangible net worth rising to ₹10,501 crore as on March 31, 2026, from ₹8,694 crore as on March 31, 2025. The increase in tangible net worth was primarily driven by healthy internal accruals and profit retention in the year. The company continues to benefit from the demonstrated financial flexibility and support from its parent, ALL, which has extended capital support to HLF in the past and remains committed to supporting the company, if required. Consolidated gearing stood at 5.6x as on March 31, 2026, compared to 5.3x as on March 31, 2025. As on June 30, 2026, the consolidated tangible net worth (TNW) stood at ₹10,569 crore with gearing at 5.6x.

On a standalone basis, HLF's capital adequacy remained comfortable, with total capital adequacy ratio (CAR) at 19.0% and Tier-I CAR at 12.5% as on March 31, 2026 (March 31, 2025: 19.3% and 13.6%, respectively). As on June 30, 2026, CAR and Tier-I CAR stood at 19.4% and 12.6%. The company raised subordinated debt amounting to ₹1,205 crore in in FY26 and ₹150 crore in Q1FY27. CareEdge Ratings expects gearing to remain within 6x, supported by the Hinduja Group's ongoing commitment to provide need-based equity support.

HLF operates Hinduja Housing Finance Limited (HHFL), a wholly owned subsidiary incorporated in FY16 to serve the housing finance segment. Since inception, HLF has infused ₹493 crore into HHFL. HLF has invested in Gro Digital Platform, a joint venture (JV) with ALL offering solutions to transporters and Gaadimandi Platform, a wholly owned digital marketplace for pre-owned vehicles.

Diversified product portfolio and geographical diversification

HLF has demonstrated healthy operational performance in FY26, with consolidated AUM growing by 22.3% (y-o-y) to ₹75,468 crore as on March 31, 2026 (March 31, 2025: ₹61,692 crore). AUM further grew to ₹76,467 crore as on June 30, 2026.

On a standalone basis, AUM increased by 24.3% y-o-y to ₹59,531 crore as of March 31, 2026 (March 31, 2025: ₹47,872 crore) and further grew to ₹60,310 crore as on June 30, 2026.

HLF's portfolio remains well-diversified across segments including commercial vehicles (CV), loan against property (LAP), two-wheelers, three-wheelers, and corporate/wholesale lending. Heavy commercial vehicles (HCV) segment continues to be a key contributor, forming 25% of the AUM as on March 31, 2026 (March 31, 2025: 25%). Top three product segments including HCV, LAP, and two-wheeler, collectively representing 64.9% of the portfolio as on March 31, 2026 (March 31, 2025: 60.5%). The two-wheeler segment showed notable growth, increasing its share from 8.9% as on March 31, 2025, to 9.4% as on March 31, 2026. The company has reduced its exposure to wholesale segment to 4.7% as on March 31, 2026, compared to 5.6% as on March 31, 2025. HLF's focus is predominantly towards funding new vehicles, with used vehicles accounting for ~19% of standalone AUM. Going forward, the company is expected to focus on granular and higher-yielding segments such as LAP, used CV, SCV, two-wheelers and tractors, while maintaining a calibrated approach towards wholesale exposure.

Geographically, HLF operates across 23 states and two union territories. Contribution of top three states to overall AUM marginally increased to ~42% as on March 31, 2026, compared to ~41% as on March 31, 2025. CareEdge Ratings expects continued diversification across products and geographies in the medium term.

In the housing finance segment, HLF's wholly owned subsidiary, HHFL, reported ~15% y-o-y growth in AUM, which increased from ₹13,820 crore as on March 31, 2025, to ₹15,937 crore as on March 31, 2026. AUM further increased to ₹16,157 crore as on June 30, 2026. CareEdge Ratings anticipates sustained growth momentum in HHFL.

Key weaknesses

Moderate asset quality

On a consolidated basis, HLF's asset quality remained broadly stable, with gross non-performing assets (GNPA) on AUM at 2.8% as on March 31, 2025, and March 31, 2026, before witnessing a marginal increase to 2.9% as on June 30, 2026. NNPA on AUM remained unchanged at 1.6% across all three periods.

On a standalone basis, GNPA on AUM basis marginally increased to 3.0% as on March 31, 2026 (March 31, 2025: 2.9%) and stood at 3.1% as on June 30, 2026. On a standalone basis, GNPA (on-book) and NNPA stood at 3.6% and 2.0%, respectively, as on March 31, 2026 (March 31, 2025: 3.5% and 2.1%), and witnessed marginal increase to 3.8% and 2.1%, respectively, as on June 30, 2026. Deterioration in asset quality in Q1FY27 is attributed to seasonal factors.

CareEdge Ratings notes an uptick in early delinquencies in certain segments, particularly two-wheeler loans, due to overlaps with stressed microfinance and unsecured lending. Overall, 30+ days past due (DPD) on AUM marginally deteriorated from ~9.8% as on March 31, 2025, to ~10.8% as on March 31, 2026, and further moderated to 11.8% as on June 30, 2026.

HLF's standard restructured portfolio declined significantly to ₹75 crore (0.1% of AUM) as on March 31, 2026, from ₹227 crore (0.5% of AUM) as on March 31,2025. Outstanding security receipts stood at ₹273 crore (0.5% of AUM) as on March 31, 2026, down from ₹466 crore (1.0% of AUM) as on March 31, 2025.

CareEdge Ratings notes that improved collection efficiency supports asset quality metrics. The company's ability to further enhance asset quality and control slippages will remain a key monitorable.

Moderate profitability levels

In FY26, HLF reported consolidated profit after tax (PAT) of ₹871 crore, compared to ₹774 crore in FY25. Despite modest net interest margin (NIM) due to elevated cash and liquid investments, and stable operating expenses, pre-provision operating profit (PPOP) improved to ₹2,579 crore (FY25: ₹1,692 crore). Credit costs increased to 2.2% in FY26 from 1.3% in FY25, driven by higher write-offs and losses on repossessed assets, which impacted overall profitability. Higher credit costs and reduced NIM, resulted in ROTA of 1.4% (FY25: 1.5%).

In accordance with Indian accounting standards (Ind-AS), HLF recognised a portion of its loan book under fair value through other comprehensive income (FVOCI). In FY26, fair value changes reported under OCI stood at ₹935 crore, compared to ₹909 crore in FY25, in addition to the reported PAT.

In Q1FY27, HLF reported consolidated PAT of ₹190 crore on total income of ₹2,293 crore, with ROTA at 1.1%. CareEdge Ratings expects the profitability to remain moderate in the near term.

On a standalone basis, HLF reported PAT of ₹491 crore in FY26 (FY25: ₹408 crore), with ROTA at 0.9% (FY25: 1.0%). For Q1FY27, standalone PAT stood at ₹123 crore on total income of ₹1,816 crore. Increase in credit costs in the quarter was primarily due to higher write-offs and losses on repossessed assets. Going forward, HLF's profitability is expected to remain stable, supported by income from DA and improvement in NIM.

Liquidity: Adequate

On a standalone basis, HLF's liquidity is adequate, with its asset liability management (ALM) having no negative cumulative mismatches in time buckets up to one year as on June 30, 2026. As on June 30, 2026, the company had unencumbered cash and cash equivalents of ~₹7,322 crore (12% of AUM), which is sufficient for debt repayment obligations of three months. The company also has un-availed lines of credit (including cash collateral [CC]) of ₹6,715 crore. The company's ability to mobilise funds from banks at a competitive rate adds comfort. The company's liquidity is also supported by the strong parentage of ALL to provide support in times of need with net debt negative status of ALL for its auto business as on March 31, 2026.

Disclaimer:

This disclaimer pertains to the ratings issued and content published by CARE Ratings Limited ("CareEdge Ratings"). Ratings are opinions on the likelihood of timely payment of the obligations under the rated instrument and are not recommendations to sanction, renew, disburse, or recall the concerned bank facilities or to buy, sell, or hold any security. Any opinions expressed herein are in good faith and are subject to change without notice. The rating reflects the opinions as on the date of the rating. A rating does not convey suitability or price for the investor. The rating agency does not conduct an audit on the rated entity or an independent verification of any information it receives and/or relies on for the rating exercise. CareEdge Ratings has based its ratings/outlook on the information obtained from reliable and credible sources. CareEdge Ratings does not, however, guarantee the accuracy, adequacy, or completeness of any information and is not responsible for any errors or omissions and the results obtained from the use of such information. The users of the rating should rely on their own judgment and may take professional advice while using the rating in any way. CareEdge Ratings shall not be liable for any losses that user may incur or any financial liability whatsoever to the user of the rating. The use or access of the rating does not create a client relationship between CareEdge Ratings and the user.

CAREEDGE RATINGS DISCLAIMS WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR OTHER WARRANTIES OR CONDITIONS, TO THE EXTENT PERMITTED BY APPLICABLE LAWS, INCLUDING WARRANTIES OF MERCHANTABILITY, ACCURACY, COMPLETENESS, ERROR-FREE, NON-INFRINGEMENT, NON-INTERRUPTION, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE OR INTENDED USAGE.

Most entities whose bank facilities/instruments are rated by CareEdge Ratings have paid a credit rating fee, based on the amount and type of bank facilities/instruments. CareEdge Ratings or its subsidiaries/associates may also be involved with other commercial transactions with the entity. CareEdge Ratings does not act as a fiduciary by providing the rating. The ratings are intended for use only within the jurisdiction of India. The ratings of CareEdge Ratings do not factor in any rating-related trigger clauses as per the terms of the facilities/instruments, which may involve acceleration of payments in case of rating downgrades. However, if any such clauses are introduced and triggered, the ratings may see volatility and sharp downgrades. CareEdge Ratings has established policies and procedures as required under applicable laws and regulations which are available on its website.
