## **Detailed Rationale & Key Rating Drivers**

CARE Ratings Ltd. had, vide its press release dated November 28, 2018, placed the ratings of Reliance Communications Limited (RCom) under the 'issuer non-cooperating' category as RCom had not paid the surveillance fees for the rating exercise as agreed to in its Rating Agreement. RCom continues to be non-cooperative despite repeated requests through e-mails, phone calls and a letter/ email dated February 02, 2022, and has not provided the requisite information for monitoring the ratings. In the absence of minimum information required for the purpose of rating, CARE is unable to express opinion on the rating. In line with the extant SEBI guidelines, CARE Ratings Ltd. has reviewed the rating on the basis of best available information which, however, in CARE Ratings Ltd.'s opinion is not sufficient to arrive at a fair rating. The ratings for the bank facilities and instruments of Rcom are denoted as 'CARE D; ISSUER NOT COOPERATING'.

RCom has been undergoing corporate insolvency resolution process (CIRP) and a resolution plan for the company is sub-judice before the National Company Law Tribunal, Mumbai Bench (NCLT). As articulated by the company officials, RCom is not in a position to provide additional information as the resolution process is under way before the NCLT.

Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating(s).

RCom had delayed servicing its debt obligations due to severe deterioration in the financial and liquidity profile of the company, coupled with high debt service obligations.

#### **Liquidity: Poor**

#### **About the Company**

Founded by late Mr Dhirubhai H. Ambani, RCom is the flagship company of Reliance Group, led by Mr Anil Dhirubhai Ambani. RCom is one of India's integrated telecommunications service providers. The services it provides include GSM (Voice; 2G, 3G, 4G), fixed line broadband and voice, and Direct-To-Home (DTH), depending upon its areas of operation in India. The company had to shut down its business operations as a result of its high debt burden and a failed merger with Aircel. RCom is currently under corporate insolvency resolution process (CIRP) pursuant to the provisions of the Insolvency and Bankruptcy Code, 2016. With effect from June 28, 2019, its affairs, business and assets are being managed by, and the powers of the board of directors are vested in, the Resolution Professional, Mr. Anish Niranjan Nanavaty, appointed by the Hon'ble NCLT, Mumbai Bench, vide order dated June 21, 2019. On March 04, 2020, the committee of creditors of RCom, by way of voting share of 100% of the committee of creditors, approved the resolution plan submitted by UV Asset Reconstruction Company Limited (UVARCL). According to the plan approved by lenders, RCom and its subsidiary Reliance Telecom Limited (RTL), will go to UVARCL, whereas the tower company Reliance Infratel will go to Reliance Jio for a total consideration of around Rs.23,000 crore (out of the total consideration, Reliance Jio will pay Rs.4,700 crore).

On September 18, 2020, the Competition Commission of India approved UVARCL's acquisition of the entire existing business operations and assets of RCom and Reliance Telecom Limited.
