**Detailed Rationale & Key Rating Drivers**

CARE had, vide its press release dated March 12, 2019, placed the rating(s) of Innovassynth Technologies (India) Limited (ITIL) under the 'issuer non-cooperating' category as ITIL had failed to provide information for monitoring of the rating. ITIL continues to be non-cooperative despite repeated requests for submission of information through e-mails, phone calls and a letter/email dated July 10, 2020. In line with the extant SEBI guidelines, CARE has reviewed the rating on the basis of the best available information which however, in CARE's opinion is not sufficient to arrive at a fair rating.

**Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating.**

The ratings revised on account of non-cooperation by ITIL and CARE's efforts to undertake a review of the ratings outstanding. CARE views information availability risk as a key factor in its assessment of credit risk.

**Detailed description of the key rating drivers**

*At the time of last rating on July 15, 2019 the following were the rating strengths and weaknesses (updated for the information available from Registrar of Companies):*

**Key Rating Weaknesses**

**Modest scale of operations:** ITIL's operating income increased significantly by 74% in FY19 against FY18. Nevertheless the scale of operations remained modest.

**Working capital intensive nature of operations:** The operations remained working capital intensive cycle with amount of funds blocked in inventory and debtors. The creditor's period also remained stretched during past three years.

**Susceptibility of profit margins due to fluctuation in raw material prices and foreign exchange fluctuation risk:** The profit margins of ITIL remained susceptible to fluctuation in the raw material prices i.e. specialty chemicals, which are mainly derived from petroleum and hence the prices are exposed to volatility in crude oil prices. Furthermore, the company primarily engaged in the export activities and hence, it is also exposed to foreign exchange fluctuation risk.

**Key rating strengths**

**Strong promoters group (Rajan Raheja Group):** ITIL is promoted by Rajan Raheja group. The promoters are well qualified, with the group having large experience in polyesters, chemicals, automotive & industrial batteries, information technology business etc. Mr Rajan Raheja (through associates and his brother Mr Satish Raheja) holds around 44.84% of shareholding in the company, while Mr Rakesh Jhunjhunwala also has financial investment (4.54% holding) in the company.

<sup>2</sup>Complete definitions of the ratings assigned are available at [www.careratings.com](http://www.careratings.com) and in other CARE publications

\*Issuer did not cooperate; Based on best available information

**Established business relation with reputed clients along with offtake arrangement and increasing turnover with profitable operations:** ITIL has maintained long-standing & established relationship with the reputed customers. ITIL have been continuously supplying to these reputed customers over the years. Furthermore, the customer base has further diversified with top five clients contributing 96% of the total sales for FY15 (refers to the period April 1 to March 31).

**Improvement in capital structure and debt coverage indicators:** The capital structure and debt coverage indicators of the company have improved in FY19 primarily on account of decrease in the debt level as on March 31, 2019. The overall gearing remained at 0.39 times as on March 31, 2019 vis-à-vis 1.16 times as on March 31, 2018. Also debt coverage indicators have improved with interest coverage and total debt to GCA of 10.06 times and 0.88 times in FY19 respectively from 4.96 times and 5.24 times in FY18.

**Improvement in the profit Margins:** The PBILDT margin has improved and remained in the range of 11.13% to 18.38% during FY17-FY19. PAT margin also remained moderate in the range of 1.72% to 6% during FY17-FY19.

**Analytical approach:** Standalone

### Disclaimer

CARE's ratings are opinions on the likelihood of timely payment of the obligations under the rated instrument and are not recommendations to sanction, renew, disburse or recall the concerned bank facilities or to buy, sell or hold any security. CARE's ratings do not convey suitability or price for the investor. CARE's ratings do not constitute an audit on the rated entity. CARE has based its ratings/outlooks on information obtained from sources believed by it to be accurate and reliable. CARE does not, however, guarantee the accuracy, adequacy or completeness of any information and is not responsible for any errors or omissions or for the results obtained from the use of such information. Most entities whose bank facilities/instruments are rated by CARE have paid a credit rating fee, based on the amount and type of bank facilities/instruments. CARE or its subsidiaries/associates may also have other commercial transactions with the entity. In case of partnership/proprietary concerns, the rating /outlook assigned by CARE is, inter-alia, based on the capital deployed by the partners/proprietor and the financial strength of the firm at present. The rating/outlook may undergo change in case of withdrawal of capital or the unsecured loans brought in by the partners/proprietor in addition to the financial performance and other relevant factors. CARE is not responsible for any errors and states that it has no financial liability whatsoever to the users of CARE's rating.

Our ratings do not factor in any rating related trigger clauses as per the terms of the facility/instrument, which may involve acceleration of payments in case of rating downgrades. However, if any such clauses are introduced and if triggered, the ratings may see volatility and sharp downgrades.
