*Details of instruments/facilities in Annexure-1

[^]CARE has rated the aforesaid Upper Tier II bonds after taking into consideration their increased sensitivity to the Capital Adequacy Ratio (CAR), capital raising ability and profitability during the long tenure of the instruments. The rating factors in the additional risk arising due to the existence of the lock-in clause in the instruments. Any delay in payment of interest/principal (as the case may be) following invocation of the lock-in-clause, would constitute as an event of default as per CARE's definition of default and as such these instruments may exhibit a somewhat sharper migration of rating compared to other debt instruments.

Detailed Rationale & Key Rating Drivers

The rating revision takes into account the recent instance of delay in servicing of principal on one of the non-convertible debentures by the company. The company has informed on the stock exchanges that the lenders of the company have entered into an Inter-Creditor Agreement (ICA) for arriving at a debt resolution plan in accordance with the RBI guidelines. The Company has been directed by the lenders led by the lead banker to keep servicing interest obligation across all lenders, however, debt servicing towards principal repayment irrespective of type of facility is to be made on parity. The liquidity profile of the group continues to be under stress on account of delay in raising funds from the asset monetization plan and impending debt payments.

Detailed description of the key rating drivers**Key Rating Weaknesses****Delay in servicing of debt obligations**

RHFL's Non-Convertible Debentures (NCDs) were due for redemption on September 09, 2019 for Rs.1 crore. The Debenture Trustee for this NCD issued by RHFL has informed CARE (via its email dated September 11, 2019) that RHFL has defaulted on the payment of the redemption principal. RHFL has informed the stock exchanges that its lenders have entered into an Inter-Creditor Agreement (ICA) for arriving at a debt resolution plan in accordance with the RBI guidelines.

Further, CARE has already downgraded its ratings of RHFL's Bank Facilities and other NCDs to 'CARE D'.

Liquidity profile

As per the ALM statement as on February 28, 2019, there are no negative cumulative mismatches till 1 year time bucket. Cash and Bank balance stood at Rs.106 crore as on March 31, 2019 and cash credit facility stands fully utilized. As stated by the management, the company securitized about Rs.291 crore during the month of March 2019.

Analytical approach: CARE had earlier factored in linkages between RHFL and its parent RCL. Moderation in RCL's profile has led to weakening of these linkages as the parent may not be in a position to extend adequate support to its subsidiaries. Hence RHFL has been analyzed on standalone basis with weakening of linkages with Parent RCL.

Disclaimer

CARE's ratings are opinions on the likelihood of timely payment of the obligations under the rated instrument and are not recommendations to sanction, renew, disburse or recall the concerned bank facilities or to buy, sell or hold any security. CARE's ratings do not convey suitability or price for the investor. CARE's ratings do not constitute an audit on the rated entity. CARE has based its ratings/outlooks on information obtained from sources believed by it to be accurate and reliable. CARE does not, however, guarantee the accuracy, adequacy or completeness of any information and is not responsible for any errors or omissions or for the results obtained from the use of such information. Most entities whose bank facilities/instruments are rated by CARE have paid a credit rating fee, based on the amount and type of bank facilities/instruments. CARE or its subsidiaries/associates may also have other commercial transactions with the entity. In case of partnership/proprietary concerns, the rating /outlook assigned by CARE is, inter-alia, based on the capital deployed by the partners/proprietor and the financial strength of the firm at present. The rating/outlook may undergo change in case of withdrawal of capital or the unsecured loans brought in by the partners/proprietor in addition to the financial performance and other relevant factors. CARE is not responsible for any errors and states that it has no financial liability whatsoever to the users of CARE's rating.

Our ratings do not factor in any rating related trigger clauses as per the terms of the facility/instrument, which may involve acceleration of payments in case of rating downgrades. However, if any such clauses are introduced and if triggered, the ratings may see volatility and sharp downgrades.
