CARE REAFFIRMS THE RATINGS ASSIGNED TO THE BANK FACILITIES OF SANATHAN TEXTILES PVT. LTD

Ratings

Facilities	Amount (Rs. crore)	Ratings ¹	Remarks
Long-term Bank Facilities	204.13	CARE BBB- [Triple B Minus]	Reaffirmed
Short-term Bank Facilities	20.00	CARE A3 [A Three]	Reaffirmed
Total Facilities	224.13 (Rupees Two Hundred Twenty Four crore and Thirteen lakh only)		

Rating Rationale

The ratings assigned to the bank facilities of Sanathan Textiles Private Limited (STPL) continue to derive strength from the experience of the promoters in the textile business, improvement in business risk profile post completion of capacity expansion projects and partially integrated nature of the operations.

The ratings are, however, constrained by the leveraged capital structure of the company. The ratings are also constrained by susceptibility of profitability to adverse movement in raw material prices, foreign exchange fluctuation risk and intense competition from large number of organized and unorganized players in the sector.

Going forward, the ability of the company to improve profitability margin, improve the capital structure and manage the working capital requirement efficiently would remain the key rating sensitivities.

Background

STPL was incorporated in 2005, taking over the business of partnership firm M/s. Sanathan Texturisers which was established in 2002. It is promoted by the Dattani family and is primarily engaged in the manufacturing of polyester texturised yarn (PTY), partially oriented yarn (POY), fully drawn yarn (FDY), polyester (PET) chips and cotton yarn. The manufacturing facility is located at Surangi, Silvassa and Dadra & Nagar Haveli.

Over the years, with continuous expansion, STPL has expanded the installed capacity. As on March 31, 2015, STPL had installed capacity of 86,400 tonnes per annum (tpa) of POY; 37,150 tpa of FDY; 76,800 tpa of PTY and 4,800 tpa of cotton yarn spinning (33,120 spindles). In FY13 (refers to the period April 1 to March 31), STPL also forayed into backward integration by setting up continuous poly condensation plant (CP plant) for manufacturing of PET chips having a total capacity of 450 MT per day. CP plant was commissioned in June 2013, while capacity expansion in POY, FDY and PTY facilities commissioned during FY14 in a phased manner.

STPL reported a profit after tax of Rs.11.18 crore on total income of Rs.1,604.60 crore in FY15 as against profit after tax of Rs.13.56 crore on total income of Rs.1,631.37 crore in FY14. As per the unaudited results for H1FY16, STPL reported a profit after tax of Rs.8.77 crore on a total income of Rs.695.30 crore.

CARE has classified instruments rated by it on the basis of complexity. This classification is available at www.careratings.com. Investors/market intermediaries/regulators or others are welcome to write to care@careratings.com for any clarifications.

Disclaimer: CARE's ratings are opinions on credit quality and are not recommendations to sanction, renew, disburse or recall the concerned bank facilities or to buy, sell or hold any security. CARE has based its ratings on information obtained from sources believed by it to be accurate and reliable. CARE does not, however, guarantee the accuracy, adequacy or completeness of any information and is not responsible for any errors or omissions or for the results obtained from the use of such information. Most entities whose bank facilities/instruments are rated by CARE have paid a credit rating fee, based on the amount and type of bank facilities/instruments.

In case of partnership/proprietary concerns, the rating assigned by CARE is based on the capital deployed by the partners/proprietor and the financial strength of the firm at present. The rating may undergo change in case of withdrawal of capital or the unsecured loans brought in by the partners/proprietor in addition to the financial performance and other relevant factors.
