

## Sadbhav Engineering Limited Sadbhav Infrastructure Project Limited

October 30, 2019

### Detailed Rationale & Key Rating Drivers

Sadbhav Engineering Ltd. [SEL; rate CARE A / CARE A1 (Under Credit watch with Developing Implications)] and Sadbhav Infrastructure Project Ltd. [SIPL; CARE A- / CARE A2+ (Under Credit watch with Developing Implications)] have made announcements on stock exchange regarding approval of a scheme of merger and arrangement of SIPL with SEL at the meeting of the board of directors of both the companies on October 19, 2019. Merger shall be with effect from April 1, 2019. The merger is subject to the requisite approvals between SEL and SIPL along with other statutory and regulatory approvals including approval of National Company Law Tribunal (NCLT). In consideration of the merger, SEL shall issue one equity share of SEL against three equity shares of SIPL to every shareholder of SIPL. As indicated by the management in the announcement and media release published on stock exchange, the merger is expected to facilitate a simplified corporate structure and provide better business pre-qualifications to the group and the entire process is expected to be concluded within 6-9 months.

CARE has taken a combined view of SEL (standalone) and SIPL (standalone) for analytical purpose and large part of debt in SIPL is guaranteed by SEL and hence, the merger is not likely to have any material impact on the credit profile of SEL.

Further, as per announcement on stock exchange dated October 23, 2019 and October 25, 2019, SIPL has received approvals from NHAI (for six NHAI assets), Govt. of Maharashtra for Aurangabad Jalna Tollway Ltd. [rated CARE A (Under Credit watch with Developing Implications)] and Karnataka State Highway Improvement Project (for Mysore-Bellary Highway Private Limited) for transfer of its 100% stake to IndInfravit Trust. Receipt of approvals from concessioning authorities is a critical condition precedent (CP) for stake sale completion and hence, with the receipt of such approvals for majority SPVs, CARE records the noteworthy progress on the actual receipt from the deal.

### Analytical Approach: SIPL

**Standalone – Bank Facilities:** Standalone along with factoring support expected to be received from its parent, SEL, for servicing its guaranteed contractual debt and factoring likely support to be extended by SIPL to its various SPVs as well as benefit of up-streaming of cash surplus generated at its SPV level.

**Credit Enhancement (CE) Rating: Guarantor's assessment:** CARE has taken a combined view of SEL (standalone) and SIPL (standalone) for analytical purpose. This is because majority of the long-term debt raised in SIPL is backed by unconditional and irrevocable corporate guarantee of SEL. Further, SEL and SIPL have operational and financial linkages for funding investment in new projects, bridging of shortfall in select SPVs as well as up-streaming of cash flow of SPVs.

### About the Company: Sadbhav Engineering Ltd. (SEL)

Incorporated in 1988, SEL has evolved as one of the prominent developers and EPC contractors in India. SEL had floated a wholly-owned subsidiary – SIPL as a holding company of BOT projects in 2007. Sadbhav Group has a portfolio of 24 BOT projects (eleven operational, one partly operational and twelve under construction HAM projects). SEL operates majorly across four distinct business areas in the infrastructure sector viz. EPC of its own BOT road projects, cash contract-based road and metro rail EPC projects, irrigation and mining. During FY19, these segments contributed 23%, 69%, 4% and 4%, respectively, in SEL's contract receipts booked on a standalone basis.

On July 1, 2019, SEL (along with SIPL) have announced that they have executed Share Purchase Agreements with IndInfravit Trust (IndInfravit) for selling their entire equity stake in their nine operational BOT SPVs (seven toll and two annuity based projects). The transaction has been executed considering enterprise value of Rs.6,610 crore. Total sale consideration for the transaction is Rs.2,546 crore, out of which partial consideration would be received by SIPL in the form of units equivalent to 10% stake in IndInfravit having estimated value of Rs.646 crore and the balance amount of Rs.1,900 crore would be received in cash.

### About the Company: Sadbhav Infrastructure Project Ltd. (SIPL)

SEL had floated a 100% subsidiary, SIPL, in January 2007, as a holding company for its BOT projects. During FY11, SEL diluted 22.22% of its stake through issue of fresh equity of Rs.300 crore and compulsory convertible cumulative

preference shares (CCCPS) of Rs.100 crore to private equity (PE) investors. Proceeds of PE were utilized by SIPL for fulfilling its equity commitment in BOT projects. During September 2015, SIPL raised Rs.425 crore through Initial Public Offer (IPO) of its equity shares.
