Detailed Rationale & Key Rating Drivers

CARE has been seeking information from Salora International Limited to monitor the ratings vide e-mail communications/ letters dated March 13, 2019, February 20, 2019, February 04, 2019, January 28, 2019, January 21, 2019, and numerous phone calls. However, despite our repeated requests, the company has not provided the requisite information for monitoring the ratings. In line with the extant SEBI guidelines, CARE has reviewed the rating on the basis of the best available information which however, in CARE's opinion is not sufficient to arrive at a fair rating. The rating of Salora International Limited's bank facilities will now be denoted as CARE B+/CARE A4; ISSUER NOT COOPERATING*.

Users of this rating (including investors, lenders and the public at large) are hence requested to exercise caution while using the above rating(s).

The revision in the rating is on account of significant decline in the operational performance, and weak financial risk profile of the company.

Detailed description of the key rating drivers

At the time of last rating on April 05, 2018 the following were the rating weaknesses and strengths. (Updated for the information available on company's website):

Key Rating Weaknesses

Subdued operational performance: The total income of the company decreased to Rs. 128.28 crore in FY18 (PY: Rs. 327.52 cr.), mainly because of decrease in the revenue from consumer electronic division from Rs. 319.39 cr. during FY17 to Rs. 124.40 cr. in FY18. Consequently, SIL reported losses at operational level of Rs. 5.30 cr. during FY18. (PY: Profit of Rs.6.78 cr.).

Weak financial risk profile: The overall gearing of the company deteriorated to 0.87x as on March 31, 2018 (PY: 0.73x) on account of increase in total debt pertaining to higher working capital borrowings.

High competition: The company is present in a highly competitive and price sensitive industry. The industry is highly fragmented with numerous players operating with negligible product differentiation. Large presence of players makes the segment highly competitive and sensitive to any price fluctuation, thereby, constraining industry pricing power.

Key Rating Strengths

Experienced promoters: SIL has a long track record of operations of more than three decades. Currently, the company is being run by second and third generation of the Jiwarajka family. Mr GK Jiwarajka (Managing Director) has more than 17 years of experience in television manufacturing, assembling, telecom and related fields. SIL became a public listed company in 1993, and is listed on both National Stock Exchange and Bombay Stock Exchange.

Strong distribution and service network and rekindled focus on Salora brand: SIL has a wide network of branch offices across states in India and 200 service tie-up/networks in 127 cities, involving more than 500 dealers and distributors. SIL uses its pan-India sales and service operations for distributing its SALORA brand TVs (CRT, LCD and LED), TV components, lifestyle & household products like home theatre systems, mobile etc. SIL also provides distribution and after sales services for range of products like mobiles, data cards, etc., for other national and international brands. The company plans to launch new products under the Salora brand and increase visibility in the market.
