### About the Company

Initially incorporated as Jhantla Investments Limited in 1980 and renamed in 2006, Veer Energy & Infrastructure Limited (VEIL) is primarily engaged into power infrastructure development (wind farm development) & construction of buildings, wind power generation and providing O&M services to wind power projects. During April 2013, VEIL has diversified into engineering works [providing job work service especially to wind turbines generator (WTG) manufacturers, automobiles, steel, textile machinery and dies & moulds industry]. Moreover, the company operates a 2.2 MW wind power plant at Kutchh in Gujarat, for the off take of which, the power purchase agreement (PPA) has been entered into with Gujarat Urja Vikas Nigam Limited (GUVNL). However, given the muted market sentiments in the wind sector, the company has planned to diversify its operations by entering into construction EPC segment.
